New Codes for Plan First

Beginning January 2006, Plan First Providers will need to use procedure code J7304 with the appropriate modifier (see below) when filing claims for the Ortho Evra Patch instead of procedure code J3490 with modifier. This change is due to HCPCS update.

Private enrolled Plan First Providers will submit a claim for the dispensing fee using procedure code J7304. This procedure code is TPL exempt.

Health Department Providers will submit a claim for reimbursement using procedure code J7304 with modifier FP. This procedure code with modifier is TPL exempt.

FQHCs, PBRHCs & IRHCs will submit a claim for reimbursement using procedure code **J7304** with modifier SE for the Ortho Evra Patch and **S4993** with modifier **SE** for the oral contraceptives and these codes will be zero paid. NOTE: This will eliminate the need for quarterly distribution updates to be sent to the Plan First Program Manager and will ensure that Medicaid has the information to receive the Federal Match.

NOTE: The updated (10/04) Contraceptive Order Form and Log is available on the Medicaid website at www.medicaid.state.al.us and can be found under the "Programs/Plan First" sections. If you do not have access to the web, you may contact the Program Manager at 334-353-5263 to receive a faxed copy.

REMINDER: THE ORAL CONTRACEPTIVES AND THE ORTHO EVRA PATCHES THAT YOU DISPENSE ARE FOR PLAN FIRST RECIPIENTS ONLY!!

Full Medicaid recipients may have their prescriptions filled at a pharmacy.
